DECK DRAINS

Part Nos.

9300

Name

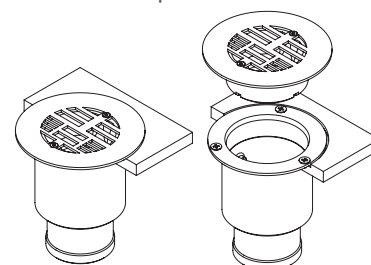

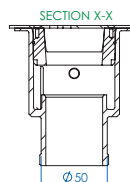

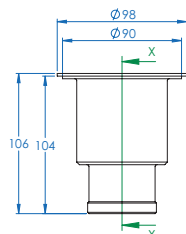

100mm Deck Drain
(Standard Stainless Spigot).

Description

Rugged AISI316 deck drain, customisable to include logos or engraving. Unique removable cover enables quick cleaning and allows cover to be kept off-site whilst vessel is being built. Weight 885g approx.

Details

Fits 50mm hose. Requires 70mm hole for mounting. 90mm dia. footprint.

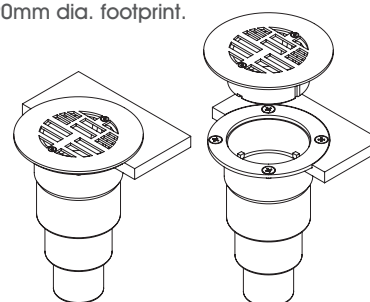

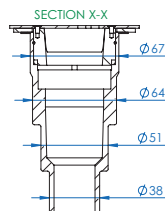

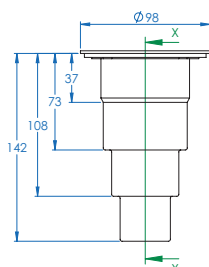

D21908

100mm Deck Drain
(Acetal Spigot).

Removable grille with same features as 9300 drain. Versatile acetal spigot allows multiple hose sizes. Weight 370g approx.

Fits through 67mm hole. Requires 70mm hole for mounting. 90mm dia. footprint.

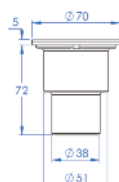

D21910

70mm Deck Drain.

70mm deck flange with the same removable cover system as its larger model. To suit 38mm hose. Removable, customisable grille in mirror-finished AISI316. Weight 290g approx.

Fits through 51mm hole for confines locations. 72mm through-deck protrusion. Acetal body for easy bonding.

DECK FILLERS

Part Nos.

2101-D/P/W/WS

Name

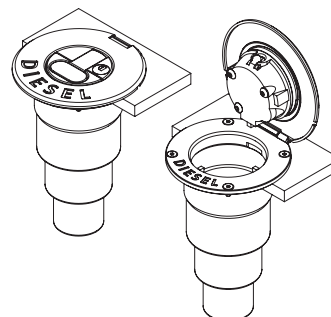

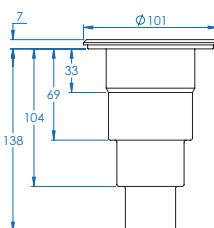

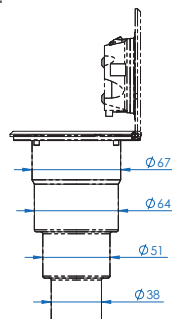

100mm System 5 Deck
Fillers (Ass't'd).

Description

Patented hinged key-lockable cap with tool-free opening and watertight sealing. No keep-chains or wires. Waste pumpout complies with CE regulations. Weight 646g approx.

Details

Fits 38-65mm hoses. Mounts with 4x csk screws through 67mm deck hole. Separate markings/logos available.

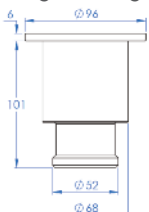

D/P/W 11621

100mm Bayonet twist action with 'pop-up' cap, eliminates problems associated with threaded fillers.

Simple quarter-turn opening and closing. Secure locking to prevent tampering. Weight 1.53kg approx.

Fits 38-65mm hoses. Mounts with 4x csk screws through 67mm deck hole. Separate markings/logos available.

Monitor Marine Fittings are engineered to be as durable as possible.

We choose our metals and production processes to ensure that the product you fit is truly exceptional, so from our high-load alloys to chemical treatments every step of the process is controlled by craftsmen.

Monitor Marine products are precision engineered then laboriously hand-finished, polished, then inspected and buffed, with at least three separate processes to ensure our uncompromising finishes.

We offer, as standard, a finish exceeding EN 10088-2:2014 where all visible surfaces are mirror-polished on the user-facing parts, but for truly exceptional cases Monitor Marine can, upon request, offer an unparalleled level of luxury.

Our Superyacht Finish is an intensive treatment where we hand-finish **all** the above-deck surfaces.

Also available in the range:

- Multi-Purpose Plug-in Connectors
- 70mm SnapShut Latches
- 70mm StayPut Latch
- 70mm Finger Pull / Mini Pad Eye
- 80mm Hatch Handles
- 80mm Vertical Hatch Handles
- 100mm Hatch Handles
