tie-downs and securing

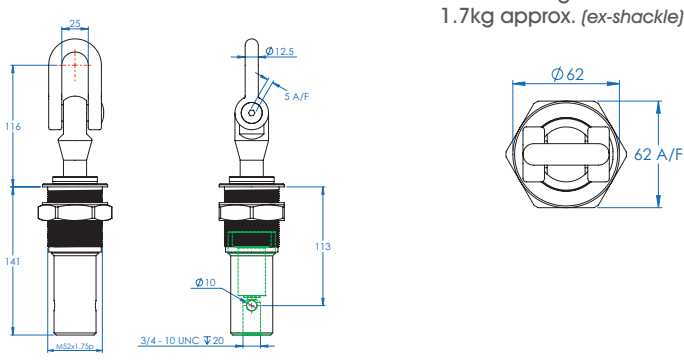

- Monitor Marine Securing solutions are designed to accentuate their locations.
- Our products are machined from high-tech stainless alloys and finished to sub-micron accuracy with precision polishing processes that earn them the title of Deck-Jewellery.
- Monitor fittings all rotate for load-alignment and optimum lashing geometry.
- Anchoring and lashing solutions are designed with versatility in mind.

Versatile securing and lifting...

LIFT POINTS

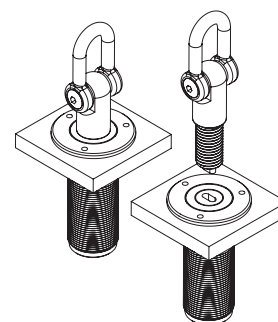

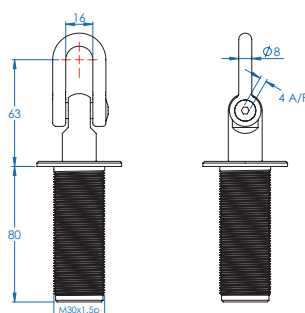

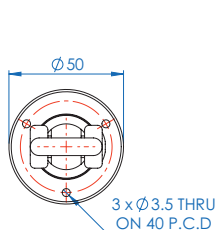

Part Nos.	Name	Description	Details
2165-1T 2165-3T	Multi-purpose Connector for thru-deck fixing.	Multi-purpose Connector for thru-deck fixing where there is access from both sides. Simple push-in action. Multiple possibilities for other uses. 2165-1T Weight: 395g approx. (ex-shackle) 460g approx. (inc shackle) 2165-3T Weight: 1.7kg approx. (ex-shackle) 1.9kg approx. (inc shackle)	38 or 52mm Flange. Fits 30 or 52mm hole. 10kN or 30kN SWL.
			
2175-1T 2175-3T	Multi-purpose Connector supplied for above-deck installation.	Designed for "blind" fitting in situations where there is limited or no access after manufacture. 2175-1T Weight: ???g approx. (ex-shackle) ???g approx. (inc shackle) 2175-3T Weight: ???kg approx. (ex-shackle) ???kg approx. (inc shackle)	As above, but with 50/82mm Flange. Special installation spanner supplied.
			

MOUNTING OPTIONS

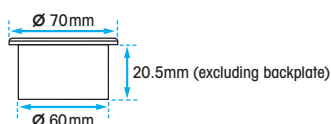

Part Nos.	Name	Description	Details
2181-3T	Multi-purpose Connector supplied c/w auxiliary attachment for additional support.	Optional auxiliary attachment fitting enables distribution of load to hull structure. 2181-3T Weight: 1.7kg approx. (ex-shackle)	30kN SWL. 82mm above-deck fitting with auxiliary body to suit 3/4"10 UNC thread tie-bar. Other options available, e.g. soft lashing, clevis spades, or other RH thread to suit turnbuckles.
			

SPECIAL CONNECTORS

Part Nos.	Name	Description	Details
2185-1T 2185-3T	Screw-in Connector, supplied for above-deck installation.	100% watertight connector with same specifications as above, but with 50/82mm flange for blind installation.	50/82mm flange. Fits 30/52mm hole. > 10/30kN SWL. Supplied with special tool for mounting.
3181	Screw-in 3T Connector supplied c/w secondary fix point.	100% watertight. Same form- factor as push-in connectors. High-spec metallurgy to maximise SWL.	Standard above-deck fitting size with simple screw-in probe with integrated dust-plug. Completely sealed to protect enclosed compartments.

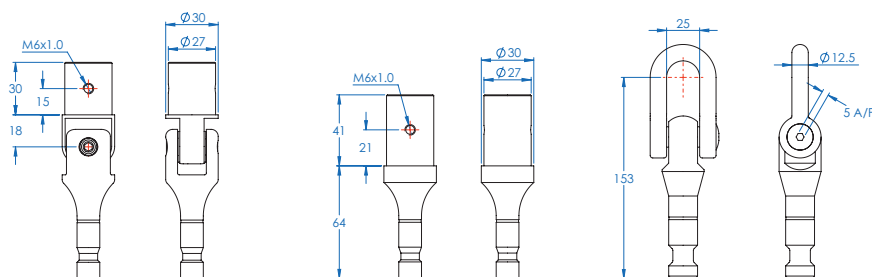

11619	70mm Flush Pad-Eye	70mm flush pad-eye for lashing and securing purposes. Designed for in-deck mounting with mirror-finished supporting backing plate. Weight 419g approx.	70mm flange. 60mm mounting hole. Secured with 2x M8 studs and mirror-polished backing plate. 5kN SWL.

ACCESSORIES

Part Nos.	Name	Description	Details
27245-XT-XX	Spare probe connector.	Versatile spare probe connector. May be modified to suit individual requirements. Available in 1-Tonne or 3-Tonne range.	Suitable for adaption to fix awnings, lifting points, bimini rails, stanchions, tender cradles & more.

Monitor Marine Fittings are engineered to be as durable as possible.

We choose our metals and production processes to ensure that the product you fit is truly exceptional, so from our high-load alloys to chemical treatments every step of the process is controlled by craftsmen.

Monitor Marine products are precision engineered then laboriously hand-finished, polished, then inspected and buffed, with at least three separate processes to ensure our uncompromising finishes.

We offer, as standard, a finish exceeding EN 10088-2:2014 where all visible surfaces are mirror-polished on the user-facing parts, but for truly exceptional cases Monitor Marine can, upon request, offer an unparalleled level of luxury.

Our Superyacht Finish is an intensive treatment where we hand-finish **all** the above-deck surfaces.

Also available in the range:

- Multi-Purpose Plug-in Connectors
- 70mm SnapShut Latches
- 70mm StayPut Latch
- 70mm Finger Pull / Mini Pad Eye
- 80mm Hatch Handles
- 80mm Vertical Hatch Handles
- 100mm Hatch Handles
- Deck Drains
- 100mm Bayonet Deck Filler System
- 100mm System 5 Deck Fillers
- Retractable Cleats and Pull-Up Cleats
- Helicopter Tie-Downs
- Maintenance Kit
