1. Fabrications

This month we have received more orders from one of our long-term Rail clients for cabinets that will be for end use trackside at stations and depots.

The cabinet pictured above has over 50 sub-assemblies and components in its final assembled state, which proves there is no assembly too complex for our skilled team of fabricators and assemblers.

2. Harrisburg

HII's Ingalls Shipbuilding division recently released a statement announcing the successful launch of the first LPD Flight II, San Antonio-class amphibious transport dock ship Harrisburg.

The statement noted this launch marks one of the first major milestones in the ship's journey towards operational readiness.

Onboard are 3 twin and 3 single Type C Wynn Straight Line Wiper Systems with a 1000 Series Controller, supplied by Inmar in the USA.
